

## DeLux doormat 60x40 cm

**MUOVIHAKA OY**

DeLux is a durable and versatile scraper mat for use outside any entrance. It is made of extremely hardwearing and weather resistance PE/EVA-polymers. Superior DeLux is made to withstand the heaviest pedestrian traffic, also in the most extreme weather conditions.

Slip resistant base helps keep mat in position and minimizes mat movement. Open construction provides immediate drainage from mat surface, keeping the matting surface dry. Unbacked design allows moisture and dirt to flow through the mat. DeLux has beveled edging on all four sides. Unique design of stiff and aggressive lamellas on surface of the mat provides maximum brushing action.

SPECIFICATIONS:	
Material:	Extremely hardwearing and weather resistance PE-polymers (UV-resistant). Rigid construction. Resists most chemicals and oils. 100 % recyclable.
