

MH - Industrial cleaning systems

MH 43 Hercules

effective wheel cleaning system

MH 43 Hercules

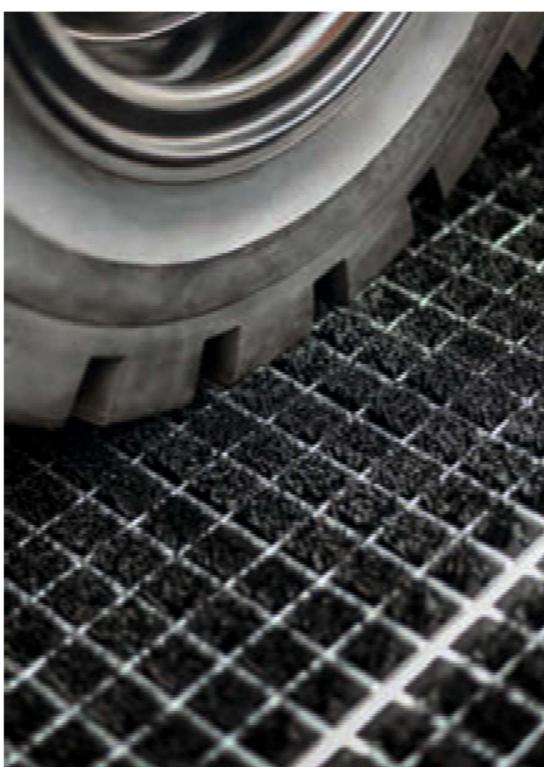

An efficient system for cleaning the wheels of forklifts, cars and heavy equipment

MH 43 Hercules is characterized by extreme durability, more than 1000 kN per wheel. Modular design that allows for easy installation and cleaning.

Each cleaning module is equipped with 29 brush profiles that effectively remove dirt from the wheels of forklifts, forklifts, cars and trucks, as well as other moving machines.

Cleaning areas made of MH 43 Hercules mats are a necessary accessory in modern warehouses, supply areas of production plants, car repair shops, entrances to underground parking areas.

They effectively create a cleaning barrier between clean and dirty zones in industry and agriculture.

Clean wheels reduce the risk of accidents on slippery and dirty floor

Application examples:

- industrial halls, warehouses
- car shows, car repair shops
- underground parking areas
- shopping malls
- space between clean and dirty zones

Advantages of using the MH 43 Hercules cleaning area:

- significant reduction of dirt indoors
- increasing occupational safety in the entry area
- improving the cleanliness of the interior
- extends the life of the floors by reducing coarse dirt
- possibility to install on site without construction work
- Easy replacement of individual brushes reduces maintenance costs

Materials:

- hot-dip galvanized steel grid
- inclined ramps to the floor surface
- installation frame for surface installations
- rust steel installation tray
- brushes: PE-HD frame, PA 6.6 bristles

Steel brush grates size and weight:

height	length x width	weight
40 mm	1002 mm x 450 mm	29 kg

Installation tray dimensions:

height	length x width
43mm	1010 x 460 x 43mm

Long side ramp:

height	length x width
43 mm	600 mm x 900 mm

Short side ramp:

height	length x width
43 mm	600 mm x 450 mm

Corner ramp:

height	length x width
43 mm	600 mm x 600 mm

MH 43 Hercules -module and installation tray

Forklifts, trucks, suitable for all vehicles

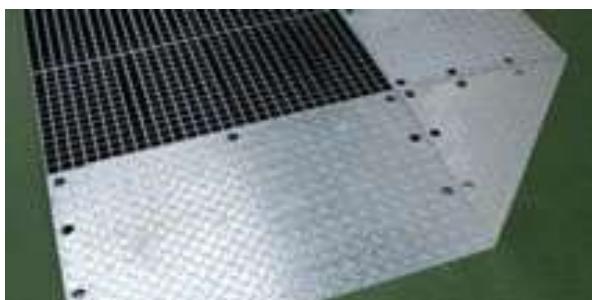

Example of MH 43 Hercules recess fabrication

Pump trolleys

Carrying handles (accessory)

Long and short side ramps and a corner ramp

Transport trolley (optional)

**Example of cleaning area installation using
MH 43 Hercules brush / steel grates**
